COLUMBIA, ADAIR COUNTY, KENTUCKY, WEDNESDAY, MARCH, 17, 1915.

NUMBER 20

PRIZES AWARDED.

Adair County Teachers Made the Best Record in the "Moonlight School" Contest.

Mrs. W. L. Russell, who before her marriage was a Miss Wade, a sister of Mrs. R. F. Rowe, of this place, was awarded the grand prize by the Illiteracy Commission for teaching the best moonlight school in Kentucky. The capital prize was \$50.00 in gold given by Senator O. M. James. She was also awarded \$10.00, given by Attorney General Jas. Garnett.

Miss Laura Smythe, of this place, was awarded \$15.00 for the best Moonlight school story.

The people of Adair county are proud of the record made by her teachers.

The following editorial was taken from the Louisville Times:

"HATS OFF TO ADAIR."

"Our congratulations go to Adair county for the capture of the prize for the best record made by the 'moonlight schools.' The people of Adair showed an interest in the cause which is highly commendable, and the fact that the plum was secured in the face of strong competition speaks volumes for the earnestness and progressiveness of the mountain county. Now, with other counties falling in line just as earnestly, we may safely assume that the fight on illiteracy in Kentucky is in a fair way to be won more speedily than the most sanguine ever dreamed of."

An Ungrateful Son.

Frank Engert, who is about twenty-two years old, an all around bad fellow, was arrested on Green river, near the Taylor county line last Thursday, by Sheriff S. H. Mitchell and his deputy Clyde Crenshaw, brought to Columbia and lodged in jail. He is charged with assaulting his father, beating him over the head with a revolver. One of the arresting parties states that the old man is badly hurt. It is also said that young Engert has been a great disturber in the neighborhood—bitter peace when he was around.

Mr. Winston W. Anderson Dead.

The end came to the subject of this notice in Birmingham, Ala., Friday night of last week, and his remains brought to Green county and interred on his old home place, where J. A. Dulworth now lives, last Wednesday. Many years ago the deceased was in fine circumstance, the farm which he owned being the most valuable one in Green county. Misfortune came, his property swept from him, and being an old man, he never recuperated. Hedied at the home of one of his daughter's, who resides in Birmingham, at the age of seventy-eight years. He was a scholar, having received his education at Center College, Danville. He was an uncle of Mrs. Lou W. Atkins, this place, and she and her daughter, Miss Mabel, attended the funeral.

A Splendid Offer.

For the next thirty days we will furnish The Adair County News one year, The Cincinnati Weekly Enquirer, one year, Boy's Magazine, monthly, one year, Farm and Fireside, semi-monthly, one year; To-day's Magazine, monthly, one year; and Poultry Pointers, monthly, one year, all for \$1.65. This is the best offer ever made by this office, and all who want reading matter should send their subscriptions to this office at once.

Death of a Good Citizen.

Mr. Albert Blair, who lived on Sulphur, near Concord church, died the first of last week. He was seventy-six years old, and had been married fifty-five years. There was not a death in his family during fifty years of his married life. He was a good citizen, a consistent member of the Christian Church. The funeral services were conducted by Eld. Z. T. Williams.

Resolutions of Respect.

On Sunday morning, March 7, 1915, Bro. John Eubank, who was a resident of Columbia, and who had been a Master Mason for sixty-two years, died at his home on Water street, where he had lived for fully forty years. When a young man he mastered the unwritten work in Masonry, and was a tutor of the newly initiated for many years, rendering valuable service to his pupils, making Columbia Lodge No. 96, one of the bright organizations of the fraternity.

When death came he lacked only a few weeks of being eighty-five years old, his birthday falling on the 25th of April. He was a lover of Masonry and filled some important station in the lodge as long as he was able to perform the duties. As an evidence that he was esteemed by his brother Masons, a large body participated in the funeral and his burial, and therefore be it

Resolved, That in the death of Bro. Eubank Columbia lost its oldest native citizen, the lodge its oldest member, the wife a devoted husband, the children a loving and indulgent father, one who will be sadly missed, and whose place can not be filled.

2nd. That we, as members of Columbia Lodge, No. 96, tender our profoundest sympathy to the widow and the children, commending them to a loving God, who alone can furnish comfort in such a trying ordeal.

3rd. That this preamble and resolutions be placed to record, and the family of the deceased be furnished with a copy of the same.

4th. That the usual badge of mourning be worn for thirty days.

Would Make an Ideal Senator.

Ballard Trigg, of Glasgow, has announced as a candidate for the Democratic nomination as Senator from the Nineteenth Senatorial district. No higher toned gentleman or one better fitted for the high office to which he aspires could be found in the Nineteenth Senatorial district than is Ballard Trigg. He has always been on the firing line giving liberally of his time and means for the good of his party. He is by nature a big-hearted, high-toned gentleman, and by training well qualified for the responsible position he seeks and should the Democrats of the district see cause to make him their standard bearer it is a foregone conclusion he will carry their banner to victory in November.

Mr. Trigg is a brother of Mrs. C. U. McElroy, of this city.—Bowling Green Times Journal.

Sensible Women Know
Foundation of Health

As health talks to women become more general, both in the newspapers and on the platform, the mass of women are beginning to realize what the more cultivated have always known, that good health cannot be found in a powder box. The externals of health may be obtained in that way, but the basis of health lies deeper, and yet is just as easily obtained.

The most important thing that a woman can do for herself, and about which she is often most neglectful, is to watch the condition of her stomach and bowels. The weary eyes, the bad breath, the frequent headaches, the pimples, the general air of lassitude is nine times out of ten the result of constipation or indigestion, or both. Many simple remedies can be obtained, but the best in the estimation of most women is Dr. Caldwell's Syrup Pepsin. It is mild, pleasant to the taste and exactly suited to her needs. It is far

superior to salts, cathartic pills, waters, etc., which are entirely too violent. Women should see to it that they have at least one movement of the bowels each day, and when showing any tendency to constipation should take Dr. Caldwell's Syrup Pepsin in the small dose prescribed. A brief use of it will so train the stomach and bowel muscles that all forms of medicine can be dispensed with. These opinions are voiced by thousands of women, after personal experience, among them Miss V. L. Moore, 32 Claiborne St., Nashville, Tenn., and Florence Cook, Lucas, Ky.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

The Court of Last Resort.

Around the stove of the cross roads grocery is the real court of last resort, for it finally over-rules all others.

Chamberlain's Cough Remedy has been brought before this court in almost every cross roads grocery in this country, and has always received a favorable verdict. It is in the country where man expects to receive full value for his money that this remedy is most appreciated. For sale by Pauli Drug Co.

PROF. V. O. GILBERT WOULD HEAD SCHOOL SYSTEM

Announces His Candidacy for Democratic Nomination for SUPERINTENDENT OF PUBLIC INSTRUCTION

His Life Has Been Devoted to the Work

Professor V. O. Gilbert of Franklin, assistant state superintendent, has announced himself a candidate for the Democratic nomination for state superintendent of public instruction in the August primary election.

Born and reared on a farm, experienced in the hard school of poverty, he early chose teaching for a profession and for over thirty years has faithfully and continuously worked in the public school system. Teaching in country schools, serving as county superintendent, city superintendent, being for more than six years a member of the faculty of the Western Kentucky State Normal, and having been assistant state superintendent for nearly three years and a half, has given him special training for the office he seeks.

During all these years Professor Gilbert has made a thorough study of the conditions and needs of the public schools of Kentucky. His announcement follows:

"To the People of Kentucky:

"I am a candidate for the office of superintendent of public instruction,

career at the age of sixteen in a country school, I have served as best I could as teacher in the rural schools, as county superintendent of schools, as city superintendent of schools, as instructor in one of our state normal schools and as assistant for over three years to the state superintendent of public instruction during the present administration.

"During this long career as a school man, I have never wavered in my devotion to the schools of my native state. It has been and will continue to be my life's work.

"I am familiar with all the duties of the office to which I aspire, and I am familiar with the entire field from actual experience.

"If I am nominated and elected, I pledge myself unreservedly to the following policies:

"First—To administer the office of state superintendent as economically as it can be done, consistent with efficiency.

"Second—To co-operate with the county superintendents of the state, and to aid them in every possible way

PROF. V. O. GILBERT.

subject to the action of the Democratic primary, August, 1915.

"This office is one of the greatest importance to the state, and every man who offers himself as a candidate for it should be able to give satisfactory evidence of fitness for the high position.

"The best evidences of fitness for any school position are devotion to the cause of education and professional training. No man is worthy of the great office of state superintendent whose life has not shown a singleness of purpose in the work of education; and no man can be capable unless he has had a rich experience in the kinds of duties that prepare one for the state superintendency. These duties are of three kinds: Actual teaching in the public schools, supervision of public schools, and administration of public schools.

"By these standards I am willing to be judged, recognizing that it is the right and the duty of the people to select the candidate best qualified by nature and training for the position.

"In the first place, I want the position and want it intensely, because it is a high honor, because it is a promotion, because it offers a field for faithful service, because I feel that I am competent to perform the duties of the office, and because I will do my very best to merit the confidence reposed in me.

"For more than twenty-two years I have given my life to school work in this my native state. Beginning my

in the great work of building up an efficient system of schools. My policy shall always be to help, not to hinder.

"Third—To make the department of education serve the classified cities in every possible way. To this end I shall seek for ways to serve the city boards of education and city superintendents.

"Fourth—To co-operate in every helpful way with the boards of which the state superintendent may be a member.

"Fifth—To the organization of courses of study, so as to adjust the educational machinery and work of the schools to the practical living needs of the community at large, and to hold constantly before the children examples of temperance, culture and good citizenship.

"Sixth—To co-operate especially with the illiteracy commission. The state superintendent is made by law a member of this commission, and I shall most heartily co-operate with the commission in its great work of eliminating adult illiteracy and illiteracy in general.

"My whole heart, my very life, is in the work; I have had the opportunity for all this training; I have done my best wherever I have worked; and I shall redeem to the letter in good faith every promise made or implied in this announcement. Upon this platform I am earnestly seeking the suffrage of the voters.

"Yours for service,

"V. O. GILBERT."

This is the "Thornhill" Wagon — the Wagon that Must Make Good

The best known materials—the labor of master workmen—the aid of the most ingenious modern machinery have been employed to make the Thornhill wagon.

The wheels are made with excessive care. For the spokes the manufacturers use the finest hickory—machine driven to insure the right disk. The hubs are of oak, thoroughly seasoned and banded with double refined sable iron.

The bolsters are of the best white oak. They have an iron plate at top and bottom, riveted through and through—multiplying their strength.

The "Thornhill" has a malleable front hound plate that is braced to the hounds at all points. This is an exclusive "Thornhill" feature. It prevents the

gears from ever getting out of line and causing hard pulling.

"Thornhill" wagons are equipped with long sleeve malleable—non-breakable skeins that insure light running, and outlast any other skein. Each skein is fitted to its axle with a Defiance machine—infallibly accurate. This machine insures the right pitch and tuck, makes light draft a certainty.

The axles are of toughest hickory—the steel axles of the best refined steel.

The sides of "Thornhill" beds are made of poplar. It costs the makers more—but it holds paint better and gives better service.

Come in and see this wagon—sold under a binding guarantee.

Parent's Day.

Children of the room of grades 5, 6, 7 and 8 entertained at the Graded School. Miss Atkinson's pupils entertained at 1:30 and Miss Hankin's at 2:30. More than fifty parents and patrons attended and enjoyed the splendid programs. Much of the work done by pupils in paintings and map drawings and also some of the test papers on class work, just as they had been handed in, were on display.

Everything tended to show development and progress made by the pupils. Visitors were so many that we have not space to give their names. Brother Bush, Brother Williams, Supt. Huffaker and Mrs. Williams made splendid talks which were enjoyed by all. All patrons who attended received a hearty welcome. It encourages both teachers and pupils to have

the parents and patrons visit the school. You will be welcome any time. Come.

Mr. J. N. Coffey was in the eastern portion of the county one day last week. While riding slowly along the road he met a man, who stopped him, and asked about the war. Mr. Coffey gave him the latest information, when the man said: "I just met Dr. Shaw and he told me that the Germans were fixing to attack the United States; that they had already blowed the Panama Canal 'ellward."

Easter Sunday will come on April 4th.

In an item in last week's News we stated that Mr. J. M. Montgomery was postmaster at Greensburg which was a mistake. He is a deputy in the office, his daughter, Miss Judith, being the postmistress. While the mistake was slight, the office being in the Montgomery family, we want to give credit where it belongs, and yet we believe that Mr. Montgomery is a good working Democrat.

Parent's Day.

On Friday afternoon March 5, parents' day was observed in Miss Clark's room at the Graded School. The children of this room, third and fourth grades, entertained their parents and all those who attended in a way that brought forth words of praise for the teacher and children.

We failed in last issue of the paper to state that Miss King's room entertained on the preceding Friday. A delightful time was had. Fifty-eight parents and patrons were present. Miss Atkinson's room, fifth and sixth grades entertained their parents and others who came on last Friday and at the close of exercises in that room, Miss Hankins pupils entertained.

The following are those who visited Miss Clark's room last Friday: Supt. Huffaker, Mrs. Pauli, Mrs. Sallie Bell, Mrs. Marvin Young, Rev. Z. T. Williams, Mrs. Ernest Harris, Mrs. Chas. Sandusky, Miss Lela Williams, Mr. and Mrs. Jas. Beard, Mrs. Marcum, Mrs. Clint Smith, Mrs. Lee Grissom, Mrs. Williams, Mrs. Geo. Nel, Miss Nettie Clark, Mrs. Rosenbaum, Mrs. J. W. Walker, Mrs. C. M. Russell, Dr. Russell, Miss Octavia Reed and Mrs. Dean.

The many friends of Rev. W. H. C. Sandidge, in Adair county, will be glad to know that his general health is reasonably good, though he is somewhat afflicted with rheumatism. He was an honored and much loved citizen of Adair county for many years. He now resides at Greensburg, being the pastor of the Presbyterian Church that place.

Casey Creek.

The Roley Debating Society met last Friday night and elected new officers. The Society seems to be on a boom and I think there is nothing greater for the community than a live Literay Society.

The program was carried out as follows:

Opening exercises by Chaplain Impromptu by L. A. McWhorter, the subject being, Why all people should attend Sunday-School.

Quartet by Prof. J. M. Wolford, Mrs. Underwood, Arthur and Milburn Wolford.

Several nice recitations were given by the school girls, and the subject for debate was: Resolved that Education has wielded a greater influence over the Civilized World than the Pulpit. The speakers on the affirmative side were Mr. Edgar and Miss Sarah Collins. The Negative was Mr. Elby Christie and Milburn Wolford. It was decided in favor of the negative.

Very Respt. Milburn Wolford.

Eight persons of Pineville were bitten by a dog that has since been shown to have had hydrophobia.

Parker Naylor Dead.

J. Parker Naylor, of Moody, Texas, died Feb. 12. In his will, written Feb. 9, 1909, he named L. F. Naylor as executor, without bond. His entire estate, embracing several tracts of land in various counties, was to be divided between his wife, Ellen N. Naylor, his son, L. F. Naylor, and grandson, J. Parker Naylor. A special provision gave his son and grandson all of the property at his wife's death. As she preceded him in death her part of the estate goes to the son and grandson.

The deceased was a native of Adair county, having removed to Texas in 1866-7. He was a good citizen, and is remembered by many of the older residents of this county.

NAT BROWN

NAT BROWN will make the present season at my barn three miles south of Columbia, and will be permitted to serve mares at \$10. to insure a living colt.

Nat Brown is a dark bay stallion, eleven years old, 16 hands high, with heavy bone and muscle. He was sired by a son of the famous old Nat Brown. His 1st dam an English draft mare. Nat Brown is an excellent combined horse, and has the most perfect disposition of any horse I have ever seen or handled. Any woman or child can handle him with perfect safety. If you want the best all around horse for all purposes, you can not afford to miss this opportunity.

I also have an extra good young Jack that will be permitted to serve mares at \$7.00 to insure a living colt. This Jack is black with white points, has extra good length, extra heavy bone and foot and lots of weight and substance, 14½ hands high. Money due in all cases when colt is foaled, mare traded, parted with or removed from neighborhood, or bred to other stock. You are cordially invited to call and examine the above described stock before booking your mares.

In both cases all care taken to prevent accidents but not responsible should any occur.

COOPER TALKED TO MANY FARMERS

Great European War Will Not Affect Distribution of Tanlac.

Lexington Mch., 17.

Thousands of farmers from Fayette and adjoining counties heard L. T. Cooper, the great philanthropist, in Lexington, recently. Cooper gave one of his famous lectures on health and hygiene, in connection with an interesting demonstration of the merits of Tanlac, the remarkable medicine he is introducing to the American people.

Several score of these same farmers took part in the agricultural exposition conducted by Cooper at his own personal expense in Lexington. Many of the displays excelled the exhibits seen at the county fairs, and have attracted widespread attention throughout Kentucky.

In speaking of Tanlac and the remarkable cures his great medicine is fulfilling, Cooper said to the farmers: "Tanlac, gentlemen, is not a common patent medicine. Tanlac is a proprietary medicine—the kind of medicine recently spoken of by Hon. Oscar Underwood, the Democratic Leader of the House of representatives in our national Congress at Washington, D. C. You all know that Mr. Underwood was a candidate for the Democratic nomination for President, and that he is a man of great ability and integrity. He is a native Kentuckian too.

Realizing what a real hardship it would bring to the thousands of American people who daily use Tanlac and similar proprietary medicines, should these preparations be included among the popular commodities upon which a special war revenue tax was placed, Congressman Underwood, with characteristic safe guard of the people's rights, placed himself on record as unalterably opposed to any thing that would increase the price of proprietary medicines, or which would tend to deprive the working man of his best friend.

"The result was that Tanlac and similar proprietary medicines were stricken completely off the war revenue bill. Thus it is, gentlemen, that the thousands of sufferers in this country are enabled to obtain Tanlac now at a price within reach of the most modest means."

Here, Cooper, holding the attention of the great assemblage, explained the causes and enumerated the symptoms of stomach, liver and kidney troubles.

"Most of the so-called stomach, liver and kidney troubles," said the noted student, "are due almost entirely to catarrhal inflammation of those organs. The constant coughing up of mucous, dull, throbbing headaches, pains in the pit of the stomach side and kidney region, lost appetite, nervousness, lost ambition, depression of spirits, and susceptibility to coughs and colds, are common symptoms of this miserable condition from which so many suffer."

Cooper then produced hundreds of testimonials from Lexington people as convincing evidence of the genuine merits of Tanlac.

Tanlac is now sold in Columbia, by Page & Taylor.

An Explanation; An Apology; An Announcement.

On March 1st, County Court day, I was kept unusually busy and could not get away from my office till some time after one o'clock. I had been informed that some candidates wished to speak at that hour, so I supposed they would hold the crowd till I could leave my office. I came into the courtroom just as soon as I could get away from my office and found it empty. The attractions on the square seemed to forbid an effort to get the people back. I regret that under these circumstances our educational meeting failed. As stated in a previous announcement, the Kentucky Educational Association will meet in Louisville Apr. 21-24. Reduced rates will be given on all railroads, and at the hotels. We want a large representation of teachers and trustees from Adair county to attend this meeting. Arrangements have been made to give trustees a special rate of 75c. per day at the Galt House in Louisville.

On April 5, County Court day, we will have a meeting of teachers, trustees, patrons and people generally, at the court-house, beginning at one o'clock p. m. I wish to talk to the people in regard to the K. E. A., corn clubs and school affairs generally. I will try to secure some other speakers and if successful will announce them in due time. On that day I will do no business in my office after 12 o'clock so as to avoid another disappointment. Parties wishing to see me on school or other business will please govern themselves accordingly. Let everybody who possibly can, attend.

McCHESNEY ENTERS RACE FOR GOVERNORSHIP

**Stands for Constitutional Amendment Submitting
to the People Vote on State-Wide Prohi-
bition of Sale of Liquor.**

**Says it Must Be Determined Whether They or the
Whiskey Interests Shall Rule Kentucky.**

With the declaration in favor of State-wide prohibition of the manufacture and sale of intoxicating liquors as the chief plank in his platform, the Hon. H. V. McChesney, of Frankfort, has announced himself as a candidate for the Democratic nomination for Governor in the State primary of next August.

Mr. McChesney declares that if nominated and elected, he will urge upon the General Assembly to submit to the people for their ratification an amendment to the Kentucky Constitution providing for State-wide prohibition. In the formal announcement of his candidacy, Mr. McChesney, who several years ago filled the offices of State Superintendent of Public Instruction and Secretary of State, promises an abridgement of public expenditures where it can be properly done, and the further advancement of the present progress in educational and agricultural development.

His announcement is as follows:

"To the Democratic voters of Kentucky: After mature deliberation I have decided to enter the race for the Democratic nomination for the office of Governor, in the primary to be held August 7, 1915. In making this announcement it is due those whose support I seek that I briefly outline the policies I advocate.

I am in favor of state wide prohibition of the manufacture and sale of intoxicating liquors. If nominated and elected I shall urge upon the Legislature of 1916 the passage of an Act giving a plebiscite on prohibition amendment to the Constitution to the people for their ratification. In view of the large amount of capital invested in the liquor business, however, I shall favor a provision in the Act giving a reasonable time, after its ratification, before it becomes operative, in order that those engaged in the business may adjust their affairs without too great a sacrifice.

I have no fault to find with the County Unit Law. I have favored every advanced step taken in its various amendments. It is a step in the right direction, and has been a great blessing to the Commonwealth. Under it 106 counties have voted dry; but the remaining counties contain a very considerable part of the total population of the State. The present law seems inadequate to give relief to the people of most of these counties. And again, the liquor interests, instead of showing respect for the County Unit Law, and for the will of the people as expressed at the polls, have added to the enforcement where the result was dry, and going into the courts with every possible technicality, in an effort to defeat the will of the people. Not only has this been their attitude toward the law and its enforcement but they have made it their business to bitterly oppose every man who aspires to public office who does not take his orders from them. A temperance man can not run for any office in Kentucky, however humble, without feeling the weight of their wrath, expressed in the usual way. Their efforts to dominate the politics of the State have increased as county after county has been added to the dry column, until their influence has become a menace to popular government.

In view of all this it seems that there is but one solution to the problem, and that is to submit it to the whole people that we may have a free vote on all time whether the people or the liquor interests are to rule in Kentucky. Not only is this the logic of the situation, but it is absolutely fair. Who can be heard to say that the people as a whole have a right to pass on a question so vitally affecting their moral and financial welfare? We submit good roads amendments and taxation amendments to the whole people—why not submit this question, infinitely more vital to them?

As stated above, I am not unmindful of the property interests involved. It is to be regretted that moral reforms often bring financial loss to some; but the public conscience justifies the loss to the few when it means an infinitely greater saving to the many. The onward march of Christian civilization must not be retarded because a few men have invested their money in the business constituting the obstruction.

My familiarity with the financial affairs of the State, as a result of eight years' experience (from 1900 to 1907) as Superintendent of Public Instruction and Secretary of State, and as a member of the Sinking Fund Board, leads me to the belief that such a revision of our taxation system can be made as will readily reduce the State debt, and make good any decrease in revenues that might arise from the loss of the tax on liquors. And this can be done without any increase of the tax rate. Saving State revenues is just as important as producing them. With the elimination of the liquor business from Kentucky the saving to the State in criminal prosecutions alone would be an enormous item, and go far toward a solution of the financial problem. If the money spent for liquor in Kentucky, and for criminal prosecutions growing out of its use can be saved, in half a dozen years we can relieve the financial situation of the State and build a macadam road to every church and school house in the Commonwealth.

Another large saving can be accomplished by the elimination of all useless offices, and if elected I shall institute a

careful and rigid inspection of all departments of the State government with this purpose in view.

I congratulate the State on the great development in our public school system in recent years, and if elected I shall use every endeavor to further advance the cause of public education. Having devoted a large part of my life to the cause of the public schools, I am deeply interested in their continued growth.

The increased interest manifested over the State in improved methods of agriculture and in the construction of good roads is very gratifying. If elected I shall aid in every way possible in the furtherance of both of these great interests, so vital to the progress and welfare of the whole people.

I am in hearty sympathy with the progressive spirit which has marked the State's advance along many lines in recent years, and it shall be my ambition if elected to see this spirit yield a still greater fruitage in the agricultural, industrial and commercial development of the Commonwealth.

My record as Superintendent of Public Instruction and as Secretary of State is before the people for their judgment, and I shall enter into no detailed account of my services in these positions. The people of the State are more or less familiar with the record made, and I am willing to risk their judgment of my fitness for the office of Governor on that record.

During my term as Superintendent of Public Instruction the State per capita was increased largely, the teaching force of the State put on a more efficient basis, and other educational progress made. At the close of my term I wrote the bill increasing the rural school term from five months to six, and the companion bill providing the funds for the extra month, without increasing the tax rate, and secured their passage by the Legislature. As Secretary of State I was a member of the Board which built the new Capitol, and was also a member of the campaign which assessed all franchise taxes, which taxes were very largely increased during that term. The two administrations covered by these eight years marked an era of great prosperity in the governmental affairs of the State—a big state debt was paid off, the rural school term increased to six months, two State Normal Schools established, the State University put on a more comprehensive basis, and many other progressive movements fostered, all without increasing the tax rate, and a full treasury turned over to the succeeding administration. I am proud to have had a part in making that record.

During the seven years since I retired from public office I have responded to every call of the Democratic party. During this time, to the serious neglect of my personal affairs, I have stumped the State for my party in every campaign, giving my time and services to the success of the party's nominees. My eight years' experience in public office, referred to above, gave me an insight into the affairs of the State government that ought to prove valuable to the Chief Executive. My service to my party since retiring from office perhaps entitles me to some consideration. On this record as a public officer and as a private citizen with whatever ability I may possess, I submit my candidacy to the Democracy of the State. If nominated and elected I shall devote my entire time and energy to the discharge of the duties of the office in an effort to promote the moral, educational and business interests of the Commonwealth, to the end that it may become a better place even than it is now in which to live.

Respectfully submitted,
H. V. McCHESNEY.
Forty-six years old, virile, enthusiastic, and of a ready wit, Mr. McChesney has made himself one of the best known Democrats in Kentucky through his activity in the interests of the party in every campaign since his youth. He entered public life at the age of 25, when he was elected County Superintendent of Livingston. He was re-elected to that office. Previous to that he had taught in Caldwell, his native county; Crittenden, where he was reared; Webster and Livingston.

From County Superintendent of Livingston he was promoted to the office of State Superintendent in 1899, running on the Goebel ticket. Four years later he was elected Secretary of State on the ticket with J. C. W. Beckham. Their friendship has been continuous and close since that time. Mr. McChesney was chairman of the speakers' bureau of State headquarters in 1911 and, excepting Governor McCreary himself, made more speeches in the campaign than any other Democrat. He stumped the State with Mr. Beckham when the latter was elected United States Senator.

Probably no public man in the State is in more demand as a speaker on all sorts of occasions than Mr. McChesney, and his interests in affairs touching community life, as well as the welfare of the State, are well known in Frankfort, where he has resided and has been practicing law since leaving State office. He is at present a member of the City Board of Education, a Director of the T. M. C. A., Vice-President of the Kentucky State Historical Society, and a deacon in the Baptist Church and President of its Sunday School.

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst.

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

Tired!

Are you tired? run down? nervous?
Is everything you do an effort? Not
it is not laziness. You are ill. Your
system needs a tonic. Your Stomach,
Kidneys and Liver need stirring up.

BARGAIN SALE

TO CASH BUYERS

Trade in all lines of business has been dull for several months, Manufacturers and Jobbers are anxious to turn their accumulated stocks into ready cash.. We've been quietly securing splendid deals in all lines of goods handled by us, our aim has been to place before the people of this community a high stock of merchandise, such as you find in the best Department stores in the large cities. Without fear of contradiction we say that we have the largest stock of General Merchandise in this section of Kentucky, bought direct from Mills, Manufacturers and Jobbers, with SPOT CASH. Now, in order to start the Spring early, we will begin on

Thursday, March 18th

And Continue For 10 Days

A SPECIAL CUT PRICE SALE

In all departments of our store. This does not mean that we will only cut prices on a few staple goods in each department, but it means that every article in our store will be sold at a uniform flat discount of 10 to 20 per cent. below prices that have been prevailing heretofore. It would be a useless and expensive undertaking to use the space in this paper to name all the articles of merchandise at these reduced prices, but will briefly quote some
